2.5" Plastic Slab Bolsters

5' Packing Option, "Like Steel" To Make Pulling Orders And Shipping Easy
Five Foot Pack

Strong positive locking slab bolster makes any length you want or need.

Our slab bolsters are so versatile, even a 2.5' piece can be bent in a circle and locked on itself. More and more used for applications with form walls.

No metal close to the surface to rust and stain your concrete.

Five foot slab bolsters are packed like the steel slab bolsters. These are in 5' lengths, sub-packed in 20 piece bundles, 100 lineal feet/sub-pack. 50' on 2-1/2" and 3".

5' Pallets 26/Truck				
Item	Cover	Feet/Bundle 5'	Bundles/Pallet	Feet/Pallet
